

FoSCoS will be launched from June 1: FSSAI

31-May-2020

Imphal, May 30: FSSAI is launching its cloud based, upgraded new food safety compliance online platform called Food Safety and Compliance System (FoSCoS) to replace the existing Food Licensing and Registration System (FLRS) and make it more user friendly.

A notification issued by H Rosita Addl Secretary Health and Family Welfare, said that the launch of the new platform will be in a phase-wise manner and Manipur is included in the first phase which is to start from June 1 among 9 other States. FLRS will be disabled for any transactions but shall remain functional for viewing of existing licenses/ registrations only.
