

India's food safety authority to begin anti-adulteration drive for milk and milk products

The food safety authority will examine milk products such as khoa, chenna, paneer, ghee, butter, curd, and ice cream.

The Food Safety and Standards Authority of India (FSSAI) will conduct nationwide surveillance on milk and milk products in a to curb adulteration of milk and milk products. As part of this pan-India surveillance, samples will be conducted from both the organised and unorganised sectors in all the districts of the States/ UTs, news agency *ANI* reported.

According to a *Hindu Businessline* report, samples of products such as khoa, chenna, paneer, ghee, butter, curd, and ice cream will also be checked.
